

# Neutral Host

WITH THE REVENUE EXTRACTION GATEWAY

## The Ultimate Solution for Instant Connectivity, Efficient Network Management, Profit Maximization, and Enhanced Guest Experiences

### Key Advantages:

Instant Provisioning and Increased Choice for Tenants: rXg enables tenants to choose their preferred Internet service provider without the need for separate distribution networks. Its instant provisioning capabilities eliminate traditional waiting times associated with truck rolls, maximizing tenant satisfaction.

### Cost Savings and Revenue Generation Opportunities for Venue Owners:

By leveraging existing network infrastructure investments, venue owners can generate additional revenue through rXg's agile B/OSS system. This allows billing for a range of enterprise services, unlocking new revenue streams and maximizing returns on infrastructure investments.

### Enhanced Guest Experience and Monetization Opportunities:

The neutral hosted Wi-Fi network can also be used to deploy a secure network for venue guests. This guest network delivers location-based portal-driven guest experiences and can be monetized through analytics, captive portal, and interstitial redirection, creating additional value for venue owners.

### Why Choose the RG Net's rXg for Your Wi-Fi Neutral Hosting?

Seamless Integration: rXg's B-RAS with BNG and SD-WAN capabilities allow for easy integration of multiple service provider uplinks to the border gateway. Versatile Connectivity: rXg's automated N/EMS micro-segments the private network, supporting multiple access technologies such as Wi-Fi, Ethernet, Private LTE, PON, and more.

## Advanced Billing Capabilities:

rXg's agile B/OSS system enables venue owners to bill for a range of enterprise services, unlocking new revenue generation opportunities.

## Cutting-Edge Guest Experience:

Offer your guests a secure, location-based portal-driven experience, and monetize the guest network through analytics and advertising opportunities.

Upgrade to the rXg and Experience the Power of Instant Connectivity.

Embrace the future of connectivity with the rXg. Offering complete self-service automation, instant provisioning, cost savings, revenue generation, and an enhanced guest experience, rXg is the best solution for creating a neutral hosted environment. Choose rXg and deliver the ultimate tenant and guest experience while maximizing your venue's potential.
